PERSONAL PROFILE

Your personal profile is an important part of the overall assessment of your application. This is your opportunity to tell us why you think you would be a good candidate for the School of Midwifery at Laurentian University.

The items listed below provide an outline for the profile. As you can see, we are asking you to tell us about yourself: your strengths, experiences, aspirations, and plans. Keep in mind that Laurentian University is a bilingual (English and French), tricultural (Anglophone, Francophone and First Nations) university. We have a strong interest in preparing practitioners for northern rural and remote communities.

Your profile will be read and scored by the Laurentian Midwifery Admissions Team. Your score will be based on your ability to address the items in a comprehensive and personal manner.

Include examples of your personal experiences with your profile. Answers that are very brief or that provide only general information will receive low scores. We do not expect you to include details about the profession of midwifery or the history and development of midwifery in Ontario.
